

REPORT OF THE
CYPRUS RED CROSS SOCIETY
FOR THE YEAR
1975.

REPORT OF THE ACTIVITIES OF THE CYPRUS RED CROSS
SOCIETY FOR THE YEAR 1975.

A. INTRODUCTION

During the year ended 31st December, 1975, the activities of the Society were carried out on the pattern of the second part of the previous year, namely, its ordinary activities continued to be overwhelmingly overshadowed by the 1974 events. They centred mainly around the following categories: the displaced and needy, the sick and old, the infants, those living in the Turkish occupied areas, those moved from such areas, the missing persons.

2. It is gratifying to report that the momentum and ~~the standards of the previous year were maintained to the~~ full. The officers and members of the Society and other volunteers continued, as in the past, to offer their services unstintingly and devotedly.

B. NEW PREMISES:

3. As reported in the Report for 1974, the premises used as Headquarters, Stores and Nicosia Branch received a direct hit by a mortar and were completely gutted on the 21st July, 1974. After moving from place to place, the Headquarters was accommodated in rented premises on Grivas Digenis Avenue, while the Nicosia Branch operated from the Hotel and Catering Institute, in Nicosia.

4. In pursuance of a request made to the United Nations High Commissioner for Refugees for provision of funds and to the Government for provision of a suitable site, plans and specifications were drawn up and tenders were invited in October, 1975, for the construction of premises to house the H.Q. Offices, the Nicosia Branch, the Youth Section and the Message Department. The plans and specifications were kindly drawn up, free of charge, by Mr. Christodoulos Charalambous, Architect, Department of Town Planning and Housing, while the site in the Government compound on Prodhromos Street (behind the large Post Office) was leased to the Society at a nominal rent for 33 years, renewable for another 33.

5. The premises were completed, in accordance with the terms of the contract agreement, and the Society moved in on 1st March, 1976.

6. The warm gratitude and thanks of the Society are
./expressed

expressed to the UNHCR, the Cyprus Government and Mr. Chr. Charalambous. Appreciation is also expressed for the excellent and speedy work performed by the building contractors, Messrs. Ikistiki Prefabrications & Co. Atlas Kataskeve Ltd.

7. Proposals have been submitted to the U.N.H.C.R. for the allocation of the necessary funds for the erection of suitable premises for the Limassol, Famagusta and Larnaca Branches.

25TH ANNIVERSARY OF THE CYPRUS RED CROSS.

8. The Cyprus Red Cross, which had been established on 12th December, 1950, became an independent Society as from 1st November, 1969, under the Cyprus Red Cross Society Law. Thus, the Cyprus Red Cross completed its 25th year of service to the people of Cyprus during 1975.

9. In view of the present circumstances of Cyprus, no particular celebrations were held, but the Anniversary was commemorated by:

(a) the issue of a publication, entitled "Cyprus Red Cross Society - 25 Years of Service", giving briefly but vividly and most effectively an account of the Society's service during its 25 years of life, illustrated by a wealth of photographs.

Grateful thanks are expressed to Miss Maro Theodossiadou, the Publicity Officer, who was responsible for the preparation and production of the publication. Warm appreciation and thanks are also extended to Mr. Antis Ioannides for the outstanding artistic arrangement of the publication;

(b) the issue in August, 1975, of a stamp commemorating the occasion, and of first-day covers, as well as the issue in December, 1975, of a commemorative cover.

The Society's volunteers helped with the sale of the covers, and a number were also sent overseas. The net proceeds of sale of the stamps and covers amounted to £745.425.

The valuable assistance of Mr. Milton Miltiades, who devoted a great deal of time and effort in making

- 3 -

all the necessary arrangements for the issue of the stamps and covers is very much appreciated, and the Society's warm thanks are expressed to him.

D. ACTIVITIES.

I. SERVICES TO PERSONS ENCLAVED IN THE TURKISH OCCUPIED AREA AND THOSE MOVED OUT FROM SUCH AREA.

1. Supplementary Needs (other than clothing):

10. Basic food is provided to Greek Cypriots in the Turkish occupied areas by the Special Service for the Care and Rehabilitation of Displaced Persons. The Society, however, continued to send to enclaved persons various items to cover supplementary needs, as set out in the attached Appendix I.

Appendix I.

11. Unfortunately, during the last quarter of the year, the Turkish forces of Occupation began demanding customs duty for cigarettes, and therefore their despatch was discontinued as from that period.

12. Special requests for articles, such as footballs, books, collective games, etc., were received from children in various areas and were immediately satisfied.

13. The total average cost for the above per month amounted to \$6,000, and this sum was made available by the I.C.R.C., to whom grateful thanks are due.

2. Handicraft materials:

14. Materials, such as knitting wool, crochet thread, cotton etc., were provided to enclaved women in the Turkish occupied areas for making pullovers, table napkins, bedspreads and other items of handicraft.

15. This project had a two-fold usefulness: to keep the women busy (something which, in their depressed state, was most important as occupational therapy) and to enable them to produce items which were needed for themselves and their families.

16. During the year under review 3,219 women benefitted from this scheme.

3. Personal Parcels sent through UNFICYP:

17. Arrangements were made with UNFICYP for the despatch to persons in the Turkish occupied area of parcels

from relatives and friends, containing foodstuffs and other comforts. The parcels were delivered by the relatives and friends either to the Headquarters Offices or to the Offices of the Society's Branches. They were then packed by the Society's volunteers in transparent nylon bags and despatched weekly in the case of the Karpass and fortnightly in the case of the Kyrenia area. Thousands of parcels were sent during the period under review.

4. Supply of Medicines:

18. Special requests for medicines, from persons in the Turkish occupied areas were dealt with by the Society, either by obtaining them from the Government Medical Services, if available, or by purchasing them. These requests were made through the I.C.R.C. delegates who visited the Karpass and the Kyrenia areas regularly.

5. Special items of clothing:

19. The Society satisfied many requests (made through the ICRC delegates) for special items of clothing not supplied by the Special Service for the Care and Rehabilitation of Displaced Persons. These included underwear, particular kinds of dress such as vrakes (the Cypriot villagers' baggy trousers) and black dresses for old village women (who traditionally wear black) and for women in mourning, pullovers and other specific items.

6. Christmas Parcels to enclaved children:

20. Christmas parcels containing sweets and chocolate biscuits and other small gifts were sent to all children in the Turkish occupied areas.

7. Reception of persons moved by the Turkish Forces from the Turkish occupied areas:

21. During the period under review, 2,749 Greek Cypriots, mostly elderly people, women and children, were moved by the Turkish forces from the Turkish occupied areas to the Government controlled areas. In June, 1975, a mass movement of 955 persons was effected. Some of the outgoing persons needed immediate hospitalisation or other special care and the majority of them did not have any money.

22. Almost all transfers took place either late in the afternoon or late at night, including Sundays and holidays. A number of very old men and women were so moved out of their homes late on Christmas eve. All

All persons so eradicated from their homes were in a state of shock and misery and in urgent need of human comfort, in addition to physical needs. Such comfort was provided by the Red Cross volunteers who received them, tended to their immediate needs and arranged for their accommodation and transportation to their destination as mentioned below.

23. The Society, through its volunteers, received all outgoing persons at the Ledra Palace check point, with the assistance of UNFICYP, and transferred them to the Society's Reception Centre, at the Nicosia Branch premises. Such belongings as they were allowed to bring with them were also transported by U.N. trucks to the Society's Reception Centre where they were unloaded and reloaded with the assistance of helpers employed by the Society on to trucks hired by the Society.

24. At the Society's Reception Centre, the volunteers tended to the immediate needs of the persons transferred, namely, they provided a hot meal, clothing and a small monetary allowance, as per Appendix II, attached. The hospitalisation or admission to suitable institutions of those needing medical or other special treatment was ensured, those who had relatives were reunited with such relatives, and accommodation in camps or other places was arranged for those who had no relatives. All were transported by Red Cross vehicles with their belongings to wherever they were due to stay, often as far as Panhos. The elderly and the young were escorted to their destination by Red Cross volunteers.

25. All outer clothing was given from clothing donated to the Society, if available. If not, it had to be purchased. It should be noted that, as time goes on, donations decrease while the needs increase, as people's clothing wears out, babies are born and children grow. Clothing purchased under this heading included trousers and special kinds of dress not forthcoming from donations.

26. Medicines were provided by the Government Medical Services except for certain small special items which were not available in their stores, as well as spectacles, which are not supplied by the said Services.

27. The Society reimbursed to persons transferred from the Turkish occupied areas part of the substantial transportation charges charged by the Turks for whatever belongings they were allowed to bring out with them.

Such charge was about £35 per lorry. The Society has been reimbursing at the rate of about £5 per person.

II. SERVICES TO DISPLACED PERSONS.

1. General Needs.

28. Food and clothing, household equipment etc., for displaced persons is supplied by the Special Service for the Care and Rehabilitation of Displaced Persons, but the Cyprus Red Cross Society continued to provide certain items of food and clothing to supplement the regular supplies or to meet the particular needs of special and deserving cases. Warm clothing such as woollen vests, slippers and pyjamas were supplied to old displaced and needy persons, especially to those living in Old People's Homes or away from their families.

2. Special needs of sick and handicapped displaced and needy persons.

29. Artificial limbs and special appliances and, in exceptional cases, small quantities of medicines and spectacles, not supplied by the Government Medical Services, were provided to sick and handicapped displaced and needy persons. Wheelchairs were also purchased and given on loan to invalid and handicapped persons.

3. Baby Bundles.

30. Each newborn refugee baby, whose mother was the holder of a refugee card entitling her to draw food or allowance, was given a bundle (one bundle for babies 0-6 months and one for 6-12 months) containing a variety of items of clothing and other necessary articles as per

Appendix III. Appendix III.

31. A carry-cot was also given to each baby at birth and was returned when the baby reached six months and given to another baby. Experience has, however, shown that in most cases the carry-cots were worn out and could not be used again.

32. The number of refugee babies born annually and falling under the above category is estimated to be approximately 3,500.

4. Christmas Parcels to displaced children.

33. Christmas parcels containing toys, sweets and other small items were distributed to displaced children.

III. MISSING PERSONS, MESSAGE DEPARTMENT, ATTESTATIONS

FOR PRISONERS OF WAR:

1. Missing Persons.

34. As is known, there are still 2,200 persons missing and unaccounted for. When the Tracing Agency of the ICRC in Cyprus (Nicosia) was closed down, copies of the Lists of Missing Persons were given to the Cyprus Red Cross Society, to the Government Departments concerned and to the Committee of Parents and Relatives of Missing Persons. The ICRC records relating to missing persons were transferred to the ICRC Tracing Agency in Geneva.

35. The question of missing persons continued to be in the foreground of humanitarian issues, and great efforts were made at all levels and in various forums to find a procedure for the tracing and accounting of missing persons, in order to alleviate the great suffering of their families, who have been living in a state of uncertainty as to the fate of their loved ones for so long. Unfortunately, the question remains outstanding and the misery and hardship continue.

36. During the period under review, the Cyprus Red Cross Society received many requests for news from relatives and friends of missing persons, particularly from abroad. All these requests were investigated and answered.

2. Message Department.

37. Under an agreement made in August, 1975, between the ICRC and the Cyprus Red Cross Society, the Message Department of the ICRC Tracing Agency, hitherto operating at Katsonis Street, Nicosia, was taken over by the Society. All the furniture and equipment and the staff of the Department were transferred to the Society, and the ICRC generously continued to finance the operational expenses, including payment of staff of the Department.

38. The Department is responsible for receiving

and despatching to their destination messages to and from persons in the Turkish occupied area.

Month	Number of Messages sent to the Turkish occupied areas.	Number of Messages received from the Turkish occupied areas.	Total
September	25,311	18,907	44,218
October	24,159	11,412	35,571
November	22,593	30,644	53,237
December	28,801	22,683	51,484
	100,864	83,646	184,510

3. Attestations For Prisoners of War.

39. On the basis of the Lists prepared when the Release of Prisoners of War took place in September - October 1974, attestations are given, signed by the President of the Society, certifying the data relating to a released prisoner of war. If more information is required, the ICRC Tracing Agency in Geneva is requested to provide it from the records transferred to Geneva, as mentioned in paragraph 34 above.

IV. RED CROSS HOME FOR SICK CHILDREN IN KYRENIA.

40. Since its establishment in 1957, the Home has been intercommunal, both the children and the staff emanating from all communities. Unfortunately, since July 1974, the number of Greek Cypriot children and staff at the Home dwindled, as the Greek Cypriot population was displaced from the Turkish occupied area. In view of the humanitarian purpose served by the Home, and in spite of the heavy burden, the Cyprus Red Cross Society continued to operate the Home, bearing the cost of such operation.

41. By the end of 1975, there remained only 6 Turkish Cypriot children at the Home, the staff (with the exception of 1 Greek Cypriot) consisting of Turkish Cypriots. The future operation of the Home will be kept under consideration in the light of prevailing circumstances.

42. Miss Susan Quinn, who had served as Matron of the Home since 1st December, 1973, left the service of the Home in June, 1975. Her departure was a loss, as she had served the Home and the children loyally and conscientiously, and had shown particular fortitude, courage and devotion

during the Turkish invasion, rendering her services not only to the children of the Home, but also to all who needed her help in the area, such as the sick and the elderly. Miss Quinn's services were recognised by the ICRC which awarded to her the Florence Nightingale Medal.

43. Great difficulty was encountered in replacing Miss Quinn. Finally, the Swiss Red Cross kindly loaned the services of Miss Elizabeth Neueschwander, free, for two months, September to November, 1975. Since then, it has not been found possible to fill the post of Matron.

V. ASSISTANCE TO CYPRUS ANTI-CANCER SOCIETY.

44. The Anti-Cancer Society had, prior to the invasion, begun constructing a Home for needy cancer sufferers, who require special care but whose cases are not such as to be under active hospital treatment.

45. The problem of this category of cancer sufferers has become more urgent and acute, since a large number of them are now refugees and have no homes in which they can be tended. In view of this need, the Anti-Cancer Society used up all its reserves to complete the construction of the Home, but had no funds for the necessary furniture and equipment. The UNHCP kindly made available through the Cyprus Red Cross Society, the sum of £23,000 for the purpose.

46. Furthermore, the Cyprus Red Cross Society was, at the end of the year under review, organising a concert to be given by the world famous pianist Mrs. Vasso Devedji, in March 1976, the proceeds of which would be devoted to needy cancer sufferers. The Youth Section was also planning to hold a function for this purpose during 1976.

VI. ACTIVITIES OF BRANCHES AND YOUTH SECTION.

47. The Branches, through which most of the activities enumerated in this Report were carried out, and the Youth Section, which participated actively in such activities, have drawn up their own Reports which are presented to the Council separately.

B. FINANCING AND FUNDRAISING.

48. It would have been impossible for the Society to provide relief to the various categories of sufferers enumerated above were it not for the generous assistance given by the United Nations High Commissioner for Refugees.

The substantial extent of such assistance is clearly shown in the Annual Accounts presented to the Council, as is also the ICRC monetary contribution.

49. Contributions and donations were received during the year from Organisations and individuals both in Cyprus and abroad. The most substantial contribution was from an Art Sale held in Paris in March, 1975, organised by a group of Greek Cypriots and Greeks in Paris, under the auspices of the Cyprus Embassy there. The net proceeds of the Art Sale amounted to £30,448.305. The Society's gratitude and thanks were duly expressed to those who worked hard to make the Sale such an exceptional success.

50. In view of the prevailing general situation and economic depression, no fundraising functions, such as bazaars, flag days etc., were held during the year.

51. All projects financed from UNHCR funds are audited by the Auditor-General of the Republic. UNHCR Auditors also carry out periodical audits of such projects. The Headquarters Accounts generally, are audited by Messrs. Fussell & Co., Chartered Accountants, free of charge. The Society's appreciation and thanks are expressed to them for their valuable services.

F. MEMBERSHIP OF THE SOCIETY.

52. The membership of the Society at the end of the year under review was as follows:

Ordinary Members:

Nicosia Branch	1300	
Limassol Branch	765	
Famagusta Branch	200	
Larnaca Branch	454	
Paphos Branch	345	
+ Kyrenia Branch	<u>Not known</u>	3064
Youth Section		<u>2500</u>
	Total	5564

Life Members:

7

+ Note: Due to the prevailing circumstances, namely enclavement and dispersal of the Kyrenia population, it was not possible to ascertain the number of members of the Kyrenia Branch.

G. GENERAL ASSEMBLY.

53. The Ordinary session of the General Assembly of the Society was held in Nicosia on 16th December, 1975, and was widely attended.

The matters dealt with by the Assembly were:

- (1) The approval of certain amendments to the Rules of the Society effected by the Council on the recommendation of the ICRC,
- (2) The election of members of the Council to replace those retiring.

H. OFFICERS OF THE SOCIETY.

54. Note should be made here of the fact that the Director of the Society, Mr. Praxitelis Christodoulou, who had served the Society as Director, member of the Council, of the Executive Committee and as Chairman of the Red Cross Home for Sick Children, loyally and conscientiously, longer than any other officer of the Society, retired during the year under review. The Society's warm gratitude and thanks for his outstanding and devoted services to the principles and ideals of the Red Cross were expressed to Mr. Christodoulou.

55. Another officer of the Society who retired during the year was Mr. Joe Hannush, Deputy Director of the Society, who had served the Society over a long period of years, doing much to uphold the cause of the Red Cross and to promote the work of the Society overseas. The Society's special appreciation and thanks were expressed to Mr. Hannush.

56. Mr. Christos Ioannides, former Chief Pharmacist of the Government, was appointed by the Council as Director of the Society. The Council did not consider it necessary to appoint a Deputy Director.

57. The composition of the Council as adopted at the above Session of the General Assembly appears at Appendix IV.

Appendix IV.

I. CO-OPERATION WITH ICRC, UNHCR, UNFICYP AND OTHER ORGANISATIONS, AND IMPRESSION OF THANKS.

I.C.R.C.

58. The Society continued to co-operate closely, harmoniously and fruitfully with the representatives of the ICRC Mission in Cyprus. The ICRC treated all requests for help most promptly and sympathetically, and their activities in the field have been warmly appreciated. As already mentioned, the ICRC also contributed financially towards the relief activities of the Society. Donations were also received from the ICRC in kind.

59. The President of the Society, who represented Cyprus at the Third Session of the Diplomatic Conference on the Reaffirmation and Development of Humanitarian Law applicable in Armed Conflicts in Geneva in February/March 1975, took the opportunity of having meetings with the President, Mr. E. Martin, and other high officials of the ICRC. The various aspects of humanitarian relief for Cyprus were discussed and all concerned assured the President of the continued interest of the ICRC in the Cyprus operation, promising any assistance necessary to help those in need.

60. The President and high officials of the ICRC took the opportunity of expressing their great admiration and highest esteem for the work done by the Cyprus Red Cross Society during the emergency, praising the work of the Society in the highest possible term.

61. The heartfelt gratitude and thanks of the Society for the valuable and effective help of the ICRC and the Society's appreciation for the close co-operation between the I.C.R.C. and the Society are warmly expressed.

U.N.H.C.R.

62. The President of the Cyprus Red Cross Society continued to be the Co-ordinator with International Organisations for Aid to Displaced and Needy Persons, by appointment of the President of the Republic, and was in close contact with the U.N.H.C.R., signing, on behalf of the President of the Republic, all U.N.H.C.R. agreements for aid to displaced and other needy persons.

63. As already mentioned in paragraph 48, the assistance of the UNHCR has been extensive and generous enabling the Society to meet the overwhelming demands made upon it.

64. The Society is most grateful to the U.N.H.C.R. for its contribution to the relief of those in need. The warm and wholehearted gratitude, thanks and appreciation of the Society are expressed for this, and for the happy co-operation with the Head and other members of the Mission in Cyprus.

UNFICYP.

65. Warm thanks and appreciation are due to the officers and men of UNFICYP who have assisted in many ways, particularly by the transport of food and comforts to persons in the Turkish occupied areas, thus contributing substantially to the alleviation of suffering. Their assistance to those moved from the Turkish occupied areas has also been most valuable. //

OVERSEAS ORGANISATIONS.

66. Assistance, mostly in kind, has been received during the year from sister Red Cross Societies and other humanitarian and charitable organisations overseas and from Greek Cypriot and Greek communities abroad. Particular appreciation and thanks are due to the voluntary organisations and people of Greece who worked unstintingly and gave generously and continuously for the relief of the suffering population of Cyprus.

WORLD RED CROSS CONFERENCE ON PEACE IN BELGRADE AND CENTENARY OF THE RED CROSS OF YUGOSLAVIA, JUNE 1975.

67. In June, 1975, the President attended, as a guest of the Yugoslav Red Cross, the World Red Cross Conference on Peace in Belgrade and the Celebrations of the Centenary of the Red Cross of Yugoslavia in Montenegro. The other member of the Cyprus delegation was Dr. Ziyad Hakki, a Vice-President of the Society, who was also a guest of the Yugoslav Red Cross.

68. This was the first Conference of its kind and the object was to find ways in which the World Red Cross family could help in safeguarding and strengthening peace. The Conference was attended by the President and high

officials of the ICRC, the Secretary-General and representatives of the national Red Cross Societies of the world. A Programme of Action was adopted in furtherance of the objects of the Conference.

CONCLUSION.

69. In conclusion, I should like to record the gratitude of the Society to all those who have so selflessly rendered their services to their fellow human beings during this tragic period. It is impossible to find words to thank adequately the officers of the Society, the Presidents and Committees of the Branches, the President of the Central Committee and the Presidents ~~and members of the Branch Committees of the Youth Section,~~ all of whom gave devotedly, generously and willingly, sometimes even at the risk of their lives, working until the early hours of the morning every day of the week, including holidays, Christmas and Easter Day not excluded. The Presidents of the Branches excelled themselves, showing a wonderful Red Cross spirit, initiative and fortitude; they were a source of great inspiration to their Committees and members. The Secretary of the Society showed exceptional selflessness and devotion to duty. To all of them we express our heartfelt gratitude, appreciation and thanks.

70. Special appreciation and thanks are expressed to the Deputy President, Mr. Jules Josephides, whose continued support and wisdom were a constant source of encouragement.

71. Last but not least our gratitude, appreciation and thanks go to the members and other volunteers, adult and youth, without whose assistance the magnitude of the task would have been beyond us.

72. No differentiation has been made in this Report between the various organs of the Society. All have worked equally devotedly and loyally and the word "Society" covers them all - Headquarters, Branches, Youth Section and Committees.

(Stella Soulioti)
President
Cyprus Red Cross Society

CYPRUS RED CROSS SOCIETY

ANNUAL REPORT, 1975.

Items supplied to persons enclaved in the
Turkish occupied areas.

<u>Items</u>	<u>Quantities</u>
<u>Sugar</u>	: 450 grammes, per person, monthly.
<u>Coffee</u>	: 300 grammes, per person, monthly.
<u>Matches</u>	: 3 boxes, per person, monthly.
<u>Cigarettes</u>	: One carton per person for males over 18 years of age, monthly.
<u>Sanitary towels</u>	: 3 pkts every other month for women between the ages of 12 and 50.
<u>Toothpaste</u>	: 1 tube of 50 grammes per person over the age of 4 years every 3 months.
<u>Toothbrushes</u>	: 1 brush per person over the age of 4 years every 3 months.

CYPRUS RED CROSS SOCIETY

ANNUAL REPORT, 1975.

Immediate Needs for enclaved persons
transferred from the Turkish occupied areas.

I. Items supplied to each person arriving from the
Turkish occupied area and estimated cost.

Men:

2 vests	0.740	
2 undershorts	0.550	
2 pairs socks	0.350	
1 shirt (1 additional used shirt given from donations)	1.500	
1 pair trousers (in recent months, the stocks of used trousers, especially large sizes, were exhausted and new ones had to be made, as well as some vrakes (baggy trousers) for villagers)	2.500	
1 pair shoes	2.250	
Refreshment on arrival and food	1.000	
Drycleaning and laundry of old clothes, soap - average per person	0.300	
Cigarettes and matches	0.250	
Certain special medicines not available in Government stores - average per person	0.250
